

Dawsongroup Statement: Covid-19

4 March 2020

Dawsongroup is closely observing all regulations and guidelines from the relevant government authorities relating to the containment of COVID-19. We are monitoring developments carefully and we will continue to follow advice from the World Health Organisation, Public Health England, NHS and the Foreign Office.

We have established business continuity and disaster recovery policies in place and we have also set up a working group to monitor developments and advise the business accordingly. We are also issuing regular updates and guidance to all employees who are being encouraged to maintain good hand, respiratory and personal hygiene by employing the 'Catch It. Bin It. Kill It' ethos.

If you have any questions then please do not hesitate to speak to your normal Dawsongroup contact.
